Open 1 What helped you learn in this course?

Katie helped me so much! awesome TA, Great teacher in general good stuff!

Katie was always available to meet if I had questions and also responded via email promptly. I enjoyed having her as my TA.

Katie has to be the best TA ever she answered everything clearly and made s-ure I understood everything I asked her

NOTHING!!!!

The teacher was very precise about the papers we had to write and taught us a lot of information for our future jobs also.

she gave us alot of examples and was very easy to talk to if we did not understand something.

The power points really helped me learn in this course. They were very clear. Katie also helped me learn in the course because she made herself available for questions and clarifications of the concepts taught in class, and for corrections that needed to be made on each paper we turned in.

In lab the activities that we did were especially helpful.TA was incredibly helpful too with any and all questions!

powerpoints and personal meetings

Open 2 What changes would improve your learning?

The exam format needs to be changed. The entire exam is essay format and points are deducted for spelling errors. CRAZY!!!! The instuctor should present examples of the assignments. Other sections received examples from their instructor while this section did not. The assignments and exams are hard. Especially the exams!! The questions are confusing!!

nothing

Not Available.

maybe other grades but its understandable because it is a "W" course

None.

Nothing at all she"s great !
